Dear Senator McCain,

I urge you to tell the Federal Communications Commission (FCC) not to weaken the rules that help preserve competition and diversity among the owners of America's newspapers and radio and TV stations.

As you know, the FCC is reviewing rules currently for media ownership and is likely to allow big corporations to dominate ownership of media in a particular city or town. If that happens, one company may be allowed to own the local newspaper, several TV and radio stations and the cable TV system in the same community. There would be fewer owners of networks, stations and newspapers nationwide.

Media ownership would be concentrated among fewer companies and the public's ability to have open, informed discussion with a wide variety of viewpoints would be compromised. Plus, it likely would result in higher costs for businesses that advertise in local media, and those costs likely would be passed onto consumers.

The FCC is expected to vote on whether to change the rules on June 2. The public comments submitted to the FCC by individuals have been opposed to media consolidation overwhelmingly. Americans understand that the public interest is not being served by deregulation that reduces competition.

Please tell the FCC to reinstate its traditional media ownership rules for the sake of competition and democracy.

Thank you.

Sincerely,

Lawrence T Johnston

Subject: FCC Decision to Deregulate TV and Radio

Your decision on Monday to give monopoly control to mega-media corporations, ignoring the wishes of the public, whose interests YOU are supposed to serve and protect was a BAD idea.

With this decision you are giving even greater control of TV and radio to a handful of mega-corporations. The FCC has opened a Pandora's Box of indecency and violence on the airwaves. The airwaves are already overflowing with distasteful and raunchy programming made by New York based mega-corporations who have no understanding or interest in community standards. You just voted to make it even worse.

There are a multitude of public policy organizations from all ideological origins who are in universal agreement that this is a bad idea. Why are their concerns ignored? Instead Chairman Powell and his colleagues stood together against the American people.

This is indeed a sad day. A day when appointed federal officials, placed on this commission to represent the needs, concerns, and wishes of the American people, turn a deaf ear to their constituents and blatantly indulge a few rich TV overlords who only desire to further dominate the TV industry and make as much money as they can no matter who they squash in the process.

Every day I find another reason to turn OFF the TV. You've just made it where I may be selling it instead.
